MEDICATIONS IN SCHOOL

For all medications in school the state/school policy requires:

- A signed consent form from the parent and physician (**includes** over the counter and/or prescription medications)
- Prescriptions must be in their original pharmacy container. Pharmacies are usually willing to split the prescriptions into two bottles if you ask them.
- Please do not send medications in wrapped in tissues or baggies- it is not good practice to dispense unlabeled medications. They will be disposed.
- **Students are NOT allowed to carry medications into school.** An adult must drop them off in the nurse's office and pick them up when they are discontinued or at the end of the school year.
- This permission is good for one school year and must be renewed each year.
